

# Cloud 9 system

Relax and experience the journey to Cloud 9!

Relax

Our Cloud 9 system is a remote control operated device with insulated headphones that uses creative visualization and relaxation to transport you out of a state of stress or fear into a new space of inner calm, peace and tranquility.

Other benefits include:

- Reduces stress and anxiety
- Meditation sessions that help you focus on a certain subject and achieve a specific state of mind
- Increases energy levels
- Provides better sleep patterns
- Improves memory and mental clarity

Designed to help you escape and take your spa and UV service to the next level. You will experience positive ways to imagine and achieve your personal wellness goals.

Results are comparable to other meditation practices. Programs will help you achieve personal goals such as weight loss, smoking cessation, stress relief, golf improvement and career enhancement.

*I have tried everything to lose weight. Food was my comfort when I was sad, tired or happy. I suffered through many diets and weight loss plans. Using relaxation and creative visualization (Cloud 9) to stay motivated and focused, I not only took off 95lbs, I have kept the weight off.*
